BETHEL ACADEMY.

GENERAL INFORMATION.

THIS INSTITUTION was founded in the year 1836 by the liberality of the inhabitants of Bethel, and has been in successful operation since that time. A valuable donation was subsequently bequeathed to the Institution by the Rev. Daniel Gould, after whom it received its name. In the year 1852, a half township of land was granted by the State, which has been carefully and successfully managed for the interests of the Institution. The income is such as to furnish an annual appropriation for apparatus, and improvements on the building. The building has recently been fitted up in a tasteful and commodious manner, and is capable of seating one hundred and fifty students. It is situated in the village at Bethel Hill, one hundred rods from the depot of the Atlantic & St. Lawrence Railroad. For beauty of location, romantic scenery, purity of air and water, its entire exemption from the damp easterly winds of the sea coast, and for the moral and intelligent character of its population, it will compare favorably with any other situation in New England. Special attention is given to those fitting for College, Teaching, or the Counting Room. Facilities are furnished to young Ladies for acquiring a knowledge of the solid and ornamental branches. In the government and instruction of the school, such methods will be employed as shall stimulate to exertion, expand, and discipline the intellectual and moral powers.

We wish it, however, to be distinctly understood, that this school is not designed as a House of Reformation. It is therefore desirable, that, such as have children who are unwilling to comply with the regulations of the school, or with parental authority, should send them to a Family, or Reform school. Parents will always do well to consult freely with the Principal by letter or otherwise; and such as are desirous of receiving information from the Principal, from time to time, should enclose postage stamps in a letter, and state their wishes. The Cabinet of Minerals, Geological specimens, Plants and Shells, collected from different quarters of the globe, is extensive and well

arranged, furnishing every desirable facility for the student. The advantages for instruction in practical Chemistry, it is believed, are not excelled in this State. Experiments and illustrations, and a practical application of the science to agriculture, domestic economy, and the arts, are made at each recitation. A well selected Library is connected with the U. B. Society, to which ladies have access free from expense, and gentlemen, by the payment of an annual fee. Lectures are given weekly, on some branch of Natural Science, Teaching or English Literature. Surveying, will be taught by field practice. It is of vital importance to the interests of the student, that he be present at the opening of the term when the regular classes are formed. No student can make up the deficiencies of his class, and do it well, by being absent for a single day at that time.

Text Books.

DEPARTMENT OF LANGUAGES.

Arnold's First and Second Latin Lessons; Andrews' Latin Reader; Cornelius Nepos; Analysis and Arrangement of Latin Sentences. Daily Exercises in Writing Latin; first and second term. Andrews and Stoddard's Latin Grammar; Syntax; Folsom's Cicero; Arnold's Prose Composition; Latin Synonyms. Semi-weekly Exercises in writing Latin, continued throughout the course. Kuhner's Greek Grammar; Jacob's Greek Reader; Arnold's Greek Prose Composition; Cooper's Virgil; Latin Prosody; Crosby's Greek Grammar; Greek Syntax and Prosody; Greek Testament; Livy; Horace; Pinney's French Exercises and Grammar, Fasquelle's Grammar; Fivas' Introduction; Pinney's Reader; Corinne; Rowan's French Reader; Henriade and Corneille; Ollendorff's Spanish Grammar; Novelas Espanolas; Don Quixote.

DEPARTMENT OF ENGLISH.

Exercises in Reading, Declamation, and Composition; Smith's Geography; Weld's Grammar; Greenleaf's National Arithmetic; Willard's History of the United States; Rickard and Orcutt's Parsing Book; Book Keeping; Penmanship; Mitchell's Ancient Geography; Cutter's Anatomy and Physi-

ology; Comstock's Natural Philosophy; Silliman's Chemistry; (new edition) Geology, by Lectures; Olmstead's Astronomy; Lincoln's and Gray's Botany; Dana's Mineralogy; Boyd's Rhetoric; Abercrombie's and Upham's Intellectual Philosophy; Wayland's Moral Science; Paley's Natural Theology; Russell's Elocution; Shaw's History of English Literature; Smyth's Algebra, enlarged edition; Davies' Series of Mathematics; Minifie's Geometrical Drawing.

Students have access to a large number of auxiliary books, whenever necessary, for the prosecution of their studies.

TERMS.

The Academic year is divided into four terms of eleven weeks. Each term will commence on the first Monday in June, September, December, March and June respectively, followed by a vacation of two weeks.

The Summer Term of the present year, will commence on Tuesday, May 30th.

ANNIVERSARY.

An Oration will be delivered before the U. B. Society, on Wednesday Evening, May 10th, by E. H. ELWELL, Esq., of Portland.

Poem, by Mr. O. D. Grover, of Delaware College.

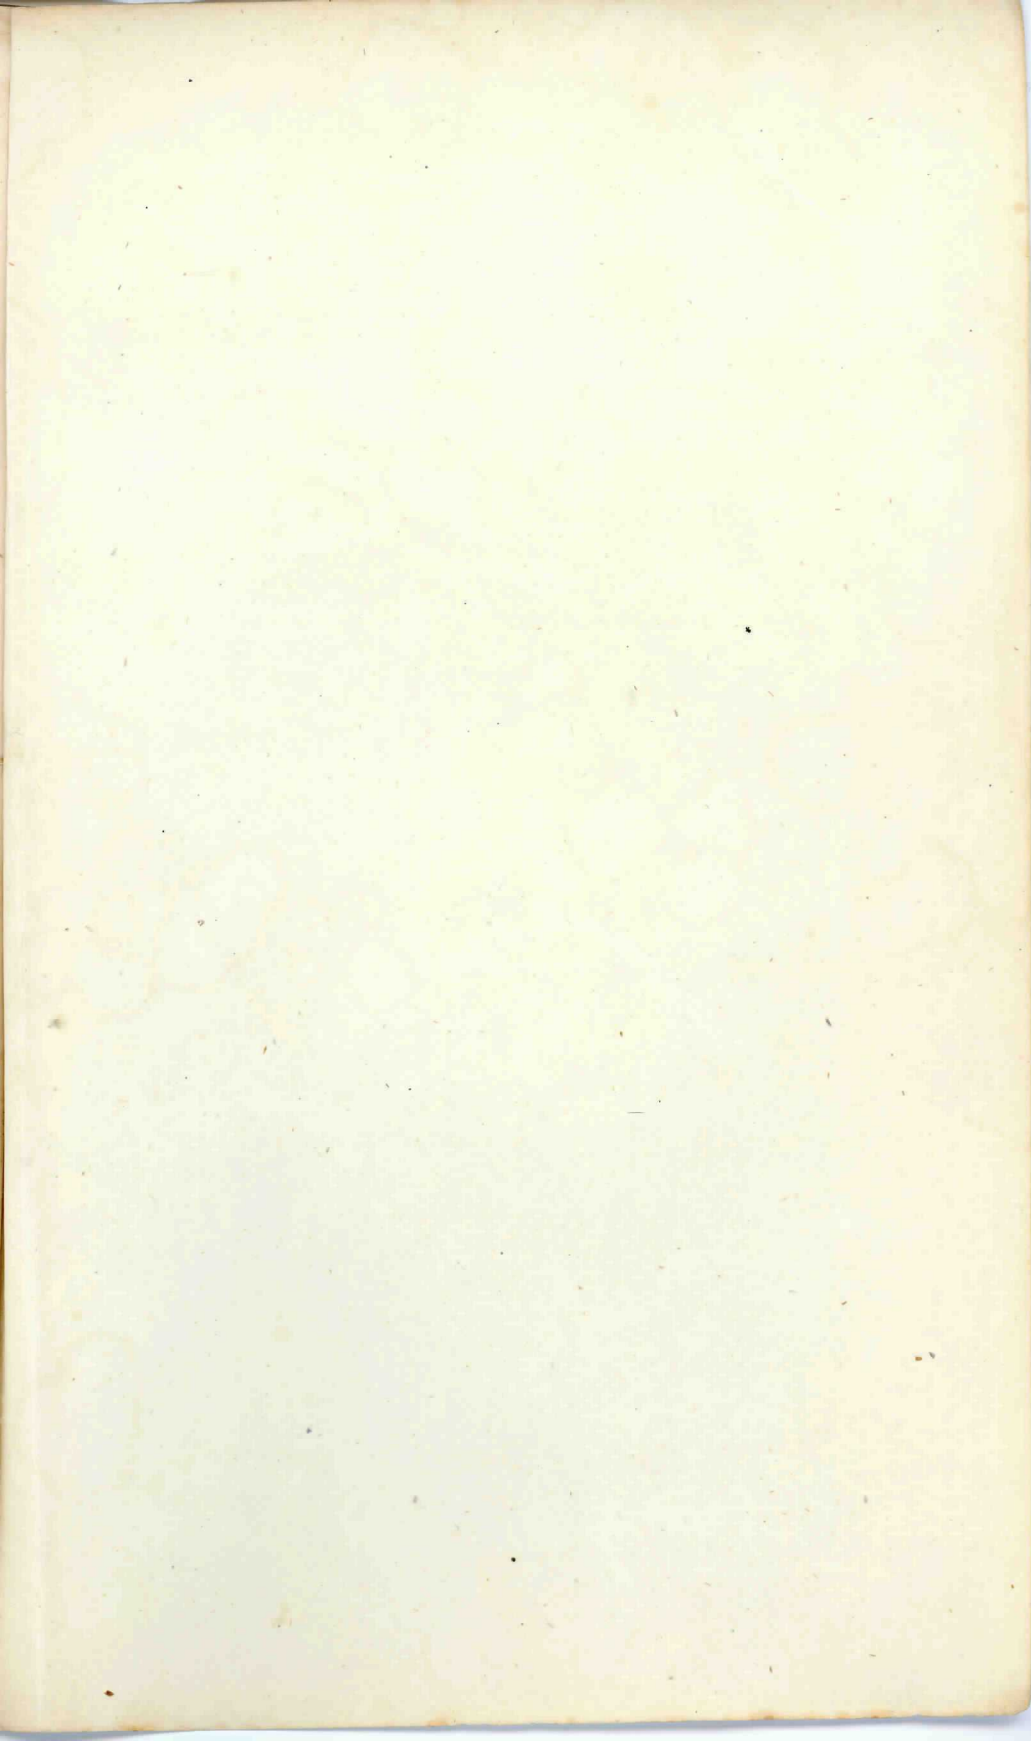

Exhibition on Thursday Evening, May 11th.

Public Examination of the Classical Department, Friday forenoon, May 12th.

Public Examination of the English Department on the afternoon of the same day.
